## ||||||| Services

We're available 24 hours a day: **Call 1-800-540-7252.**

Medicare, Medicaid, Blue Cross/Blue Shield, managed care programs and other third-party payers are prequalified for direct payment. MasterCard® and Visa® are accepted, and payment plans are available.

We work directly with physicians and hospital discharge planners to ensure a smooth transition from hospital to home.

Our staff assesses patients' needs, and monitors their conditions to ensure that care is timely and appropriate.

Delivery, setup and patient education are free.

Staff professionals can meet with referral personnel or with patients to address concerns.

# Home ventilators

## Medi-Rents & Sales, Inc., provides:

- Complete and continuing training for caregivers and nursing agencies, which includes both a hands-on test and written exam to ensure our patients' safety.
- One to two times per month visits to our ventilator patients and more frequently as needed.

## We offer two portable ventilators:

- LTV 950, which at 13 pounds, features pressure control and support, NPPV, adjustable flow-triggering, apnea backup model, BiPAP and CPAP, and Lithium ion six-hour batteries. LTV 950 weighs less than most comparably equipped vents, allowing for maximum mobility.
- LTV 1150, at 14.5 pounds, can be used on a stand, in a backpack or a custom carrier. The device features volume and pressure control, pressure support and spontaneous, SIMV/CPAP and non-invasive. The 1150 offers easy, secure solutions for travel. The SprintPack Lithium Ion Power System provides up to five hours of battery power, and the internal battery for emergency backup provides extra security.
